17.	Duration of the assessment (if more than one assessment: overall time or percentage of the overall time allotted to assessment)

<sup>1</sup>**Blended Learning:** Also known as hybrid learning, this approach combines online instruction with face-to-face interactions. Learners may attend some classes in person while completing others online.  
Blended learning offers the benefits of both traditional and online education, providing flexibility while still allowing for direct engagement with instructors and peers.
