Building a Dynamic
Online Learning
Experience
with DIGI-FACE

[Register Now](#)

This module aims to equip participants with the skills to build an improved online learning experience using instructional design and visual communication principles.

ZOOM SESSION

25 APRIL 2025 – 10H00

CENTRAL AFRICAN TIME

FREE
COURSE
SHELL

This module is designed to equip participants with the skills necessary to construct an enhanced online learning environment through the strategic application of instructional design and visual communication principles. Participants will learn how to structure content effectively, engage learners, and optimise knowledge retention. Additionally, they will explore the power of visual communication, discovering techniques to create visually compelling materials that facilitate understanding and promote active learning. By the end of the module, participants will possess the knowledge and tools to craft engaging, informative, and impactful online learning experiences that resonate with learners and drive meaningful educational outcomes.

WHAT WE EXPECT

- participation in opening Zoom session
- completion of the activities and assignments on Moodle

WHAT YOU GET

- Strategies for creating a highly engaging e-learning experience
- Participants will receive their own copy of the DIGI-FACE customisable course shell
- Successful participants may apply for a Canva premium license sponsored by DIGI-FACE
- Course completion certificate
